

City of Sarnia

MEDIA RELEASE

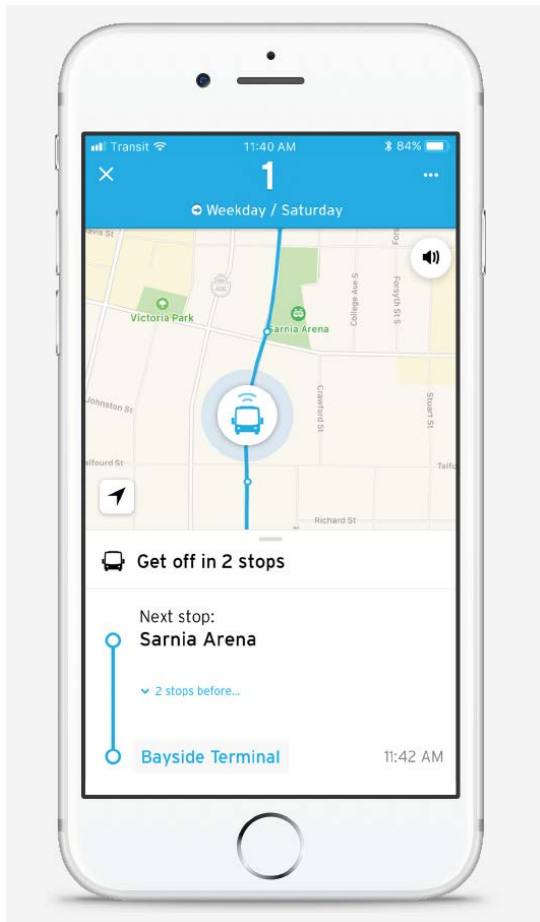

DATE: July 27, 2018 RELEASE DATE: Immediate
FROM: David Jackson, Manager of Development & Transportation
SUBJECT: Sarnia Launches Transit App

The City of Sarnia has partnered with the Transit App to provide real time bus information. The app can be used to track the location of a bus in real time, view departure times for nearby bus routes, and review various route options to reach a destination.

"The Transit app provides comfort and convenience to transit users—it helps users by mapping their route and giving them directions, right on their mobile device. It will make using transit much simpler," explains Margaret Misek-Evans, Chief Administrative Officer.

The app is free to download and available now for both android and iPhone. To download the app, search "Transit" in the app store or Google Play store.
